Elba pendel white Bel brass Cone C140 E27 2700K clear

The **Elba pendant white Bel brass** (item code 810242.00A) is a minimalist and stylish hanging lamp that combines Italian design with pure simplicity. The fixture features a high-quality brass socket and a white textile cable, giving the lamp a subtle yet luxurious appearance. There is no traditional lampshade: the light source itself — a striking Cone C140 LED bulb (700449.00A) — is fully visible and forms the visual centerpiece of the design.

This pendant lamp is designed for use with an E27 socket and comes with a powerful, dimmable 10W LED bulb (1100 lumens, 2700K, CRI80). The warm, atmospheric light creates an inviting ambiance in any space. Thanks to its open design and visible light source, the Elba pendant is ideal for modern interiors, lofts, kitchens, dining rooms, as well as hospitality and project environments where design and atmosphere are key.

The combination of the white cable and brass socket ensures a timeless look that fits both minimalist and industrial settings. The lamp is easily height-adjustable and fully dimmable, allowing you to create the perfect lighting mood — from functional work light to cozy evening lighting. With no lampshade, the choice of bulb determines the look: the Cone C140 LED bulb adds a playful and contemporary effect and is a true eye-catcher.
