

## Sodium lamp 150W E40 Tubular SN-T Thorgeon

Sodium lamp 150W E40 Tubular SN-T Thorgeon

ARTICLE\_NUMBER: TH 05003

CHANGED\_LAST: 30-09-2025

BRAND: Thorgeon

ETIM\_GROUP: EG000028 - Lamps

ETIM\_CLASS: EC000821 - High pressure sodium-vapour lamp

SYNONYM: High pressure sodium lamp, High pressure sodium-vapour lamp, Lamp, Round/globe

## FEATURES

|                             |                    |                                                               |         |
|-----------------------------|--------------------|---------------------------------------------------------------|---------|
| Model:                      | Clear              | External ignitor required:                                    | YES     |
| Lamp power:                 | 150 W              | External ballast required:                                    | YES     |
| Socket:                     | E40                | Mercury-free:                                                 | NO      |
| Luminous flux:              | 16500 lm           | Number of discharge tubes:                                    | NO      |
| Colour temperature:         | 2000 K             | Lighting for plants:                                          | NO      |
| Total length:               | 209 mm             | Replacement for mercury vapour lamp:                          | NO      |
| Colour rendering index CRI: | 20-39              | Average nominal lifetime:                                     | 24000 h |
| Diameter:                   | 47 mm              | Weighted energy consumption in 1000 hours:                    | 169 kWh |
| Lamp efficacy:              | 110 lm/W           | Lamp designation:                                             | Other   |
| Lamp shape:                 | Tube, single-ended | Energy efficiency class according to EU regulation 2019/2015: | Other   |

## PACKING\_INFORMATION

|              |                                                                                                                                                                                                                                                                                            |
|--------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| WEIGHT       | 0.15 kg                                                                                                                                                                                                                                                                                    |
| PACKING_CODE | BX                                                                                                                                                                                                                                                                                         |
| PACKING_FORM | Box<br><p>A non-specific term that refers to a non-flexible, three-dimensional packaging with closed sides that can be completely enveloped and made of any material. Although some boxes are suitable for reuse or rescue, they can also be for one-off use, depending on the product</p> |
