Length belt/tape/tie:	150 mm	MIL approval:	NO
Text strip:	150 mm	UL approval:	NO
Surface protection:	150 mm	UV-stable according to ASTM D6779:	YES
Material quality:	150 mm	VG approval:	NO
Material:	Plastic	Band width:	2.5 mm
Operating temperature:	-40 ~ 85	Mounting temperature:	- °C
Type of fastening:	-40 ~ 85	Fluorescent:	NO
Inflammability class of insulation material according to UL94:	V2	Detectable:	NO
Tie thickness:	-mm	Min. tensile strength:	-N
Releasable closure:	NO	UV resistant according to IEC 62275:	-N

PACKING_INFORMATION

WEIGHT	43 gr
PACKING_CODE	EN
PACKING_FORM	Bag <p>A usually flat packaging made of flexible material with only two surfaces that are connected to each other on three sides to form a casing. The open side can be used to fill the package. This can then possibly be closed with a self-clay-fitting valve, heat shaft, string, metal clamp or other closing agent. A valve makes handy dosage possible.</p>
