Suitable for cable tie width to:	4.8 mm	For max. bundle diameter:	-mm
Material quality:	4.8 mm	Detectable:	No
Length:	33.5 mm	Min. tensile strength:	-N
Working temperature:	- °C	UV resistant according to IEC 62275:	-N

Packaging information

Weight	0.11 kg
Packaging code (according to EANCOM code list 7065)	EN
Packaging form	Bag A usually flat packaging made of flexible material with only two surfaces that are connected to each other on three sides to form a casing. The open side can be used to fill the package. This can then possibly be closed with a self-clay-fitting valve, heat shaft, string, metal clamp or other closing agent. A valve makes handy dosage possible.
CBS-code	39269097
