

## LED Glow G95 E27 4W 200lm 818 Gold

While a lot is already possible with the LED filament lamps, copying the super thin filaments of the original light bulb was still difficult. However, Bailey's Led Glow comes very close to it. The luminous and durable LED element is located in the lamp base. The "filaments" are engraved in an acrylic tube and reflect the warm 1800K light bulb color. The Led Glow really feels at home in a cozy environment.
