

## LED R7s 28X118 mm DIM 12W (99W) 1500Lm 840 360Degr.

The LED R7s lamps are ideal as a replacement for the two-pinched halogen lamps. Originally this type of lamp is used in construction lamps, but they are also increasingly used for general lighting in homes or catering establishments. Light all around, just like the halogen lamp. Ambient temperature range: -20°C to +40°C. An open luminaire is recommended for optimum performance in terms of light output and lifespan. Outdoor use only in suitable luminaires. This series of lamps are dimmable (depending on the type of dimmer and the number of lamps to be dimmed on 1 dimmer).
